# ∨ Shared Responsibilities ∨

School -

We provide report cards at midterm and at nine-week grading periods. Parent-Teacher conferences are held at the end of 1st and 3rd quarters. Written school expectations, bus rules and discipline procedures are provided to the students in a Student Handbook. Student and school newletters are sent home monthly. The school notifies parents of discipline problems, as well as honors earned by the student. Teachers and administrators meet with parents to discuss their child's progress as needed.

#### Parents -

We expect parents to send their children to school on time each day. Parents are encouraged to participate in their child's education by belonging to the PTO and/or other school support groups. Parents need to respond to any contact from the school, participate in parent conferences, contact the school with any questions or concerns and cooperate with the school to improve student behavior and attendance.

# ∨ Transportation Policy ∨

Sahuarita Unified School District #30 is more than 606 square miles. We transport more than 2,000 students daily. We have 26 bus routes and average more than 2,500 miles daily to pick up and deliver students. We have 42 pieces of equipment. Transportation is contracted out to Laidlaw.

### ∨ Indicators of Success ∨

Information provided on this page is based on historical data, primarily from the previous school year, 2000-01.

#### 2000-01 School Achievements/Accomplishments

- W From 1998-2001 Stanford 9 test scores and student grades have increased significantly.
- W The number of clubs and athletic activities have continued to increase again this year. Currently there are 12 clubs offered to the students of Sahuarita Middle School. Students also have four boys and four girls sports to participate in.
- W Students from SMS band were accepted into, and are performing for, the Tucson Youth Jazz and Honor Bands.
- W Discipline dropped about 75% after instituting a uniform dress code.

#### Student Information: 2000-01 Student Activity Rates

Students reported as "dropouts" who may have returned to school for the following academic year are not accounted for in this report.

#### ∨ School Honors ∨

#### Awards or special recognition honors received by the school, staff or students:

Award/Honor	Year
Outstanding Student Council Award	1997
Honor Band Awards	1999
League Championship Awarded in Softball	2000
Arizona's Middle School Principal of the Year	2001

<sup>3</sup> Transfers Out: Percentage of accountable students withdrawing to continue studies in another school or to be taught at home for the 2000-01 school year.

<sup>&</sup>lt;sup>4</sup> Transfers In: Within District: Percentage of accountable students entering school who were previously enrolled in another Arizona public school within the school district during the 2000-01 school year. Out-of-District: Percentage of accountable students entering school who were previously enrolled in another school district during the 2000-01 school year.

<sup>5</sup> Promotion Rate: Percentage of students promoted to the next grade or who met graduation requirements and received a traditional diploma at the end of the 2000-01 school year. Percentage includes students who left school at age 22 or who had completed school and received a non-traditional diploma.

<sup>&</sup>lt;sup>6</sup> Retention Rate: Percentage of students retained at the end of the 2000-01 school year.

<sup>7</sup> Dropout Rate: Percentage of students counted as withdrawn due to chronic illness, expulsion or dropping out during the 1999-2000 school year, to include activity during the summer of 2000. This rate includes students who were withdrawn after 10 consecutive days of unexcused absences or were coded by the school as "status unknown." The Promotion Rate, Retention Rate, Dropout Rate and Status Unknown Rate may not add to 100% due to the inclusion of summer activity in the Dropout Rate and the Status Unknown Rate but not in the Promotion Rate and Retention Rate. Data for 2000-2001 is not yet available.

<sup>8</sup> Status Unknown: Percentage of students unaccounted for by any method during the 2000-01 school year. Status unknown students are not necessarily dropouts.

#### ∨ Academic Achievement Indicators ∨

Arizona's Instrument to Measure Standards (AIMS) is designed to measure student achievement of the Arizona Academic Standards. Effective with the high school Class of 2006 (eighth graders in 2001-02), students must "Meet the Standard" or "Exceed the Standard" on all portions of AIMS or pass an AIMS Equivalent Demonstration (subject to approval by the state Board of Education) in order to be eligible for a high school diploma. High school students who did not attain "Meets the Standard" or "Exceeds the Standard" in reading, writing and mathematics will have additional opportunities to retake the test in their junior and senior years. Students in grades 3, 5, and 8 also take AIMS.

# AIMS Results<sup>1</sup>, 2000-01

### $\lor$ Mathematics Education and AIMS $\lor$

On April 24, 2000, the state Board of Education amended the high school graduation requirements to include the following: "Effective with the graduating class of 2004, the two required math credits shall be taken consecutively beginning with the ninth grade and course content shall reflect Academic Standards preparation for proficiency at the high school level." Parents should verify with the school that their ninth grade students are enrolled in one or more mathematics courses that provide instruction in the state Board-adopted mathematics standards that lead to proficiency in high school. Students who begin the ninth grade during the 2001-02 school year should be enrolled in a mathematics sequence that is aligned to the state's mathematics standards and includes instruction in the concepts and performance objectives that will be assessed by AIMS. The Board's amendment to the high school graduation requirements should not be interpreted to mean that all ninth grade students must be enrolled in any *particular* course. **The Board's intent is to assure that all ninth grade students are enrolled in courses that prepare students for success on AIMS**.

<sup>&</sup>lt;sup>1</sup>Results reflect student performance on the English form of AIMS.

<sup>&</sup>lt;sup>2</sup>Class of 2003 is the cohort of students who began 9th grade during the 1999-2000 school year.

#### ∨ Academic Achievement Indicators ∨

In 1997 and 1998, students in grades 3 through 12 were tested in reading, language and mathematics using the standardized, nationally norm-referenced *Stanford Achievement Test, Ninth Edition* (Stanford 9). In 1999 and 2000, students were tested in grades 2 through 11. **Students were tested in reading in grade 1 and reading, language arts and mathematics in grades 2 through 9 in 2001.** The percentage of eligible students tested (%) and the school's percentile rank score are presented below. State percentile rank scores (AZ) are provided for comparison. Also, note that the percentile rank scores for the nation are 50 for all content areas in all grades.

Under the Family Educational Rights and Privacy Act of 1974 (FERPA), no individually identifiable references to students may be made. Therefore, items of data containing information about fewer than ten students have been replaced with (\*\*) to protect student privacy. # ∨ Measure of Academic Progress ∨

Arizona's Measure of Academic Progress (MAP) is an indicator of student academic growth from one year to the next. The results are based on the *Stanford Achievement Test*, *Ninth Edition* (Stanford 9), given in 2000 and 2001. MAP includes only those students who were tested both years in consecutive grade levels at the same school or who started the school year in the same school in which they were tested in 2001. A student achieves One Year's Growth (OYG) if he or she remains in the same Stanine<sup>9</sup> or advances a Stanine from one year to the next. The percentage of students achieving OYG at the school is reported below.

#### The MAP is an elementary school (Grades 2-8) indicator only.

	Reading	Math
	Percentage of Students Achieving One Year's Growth	Percentage of Students Achieving One Year's Growth
Grades 5-6	85	90
Grades 6-7	81	76
Grades 7-8	83	75

# ∨ School Safety ∨

The purpose of this section is to provide parents information about what the school is doing to promote a safe and orderly environment for learning. The 2001 Comprehensive Health and Prevention Program Survey Annual Report provides additional information on Health and Prevention Programs, School Safety and Security Measures, Policy Violations and Expulsions at <a href="https://www.ade.az.gov/ResearchPolicy/chapps/">www.ade.az.gov/ResearchPolicy/chapps/</a>.

## School-level Efforts to Ensure a Safe and Orderly Environment for Learning

A threat-free environment has been created at SMS. Students feel safe talking to teachers, counselors and adminstrators about any problem that comes up. A school uniform dress code was put into place in the 1999-2000 school year. The Sahuarita School District has a zero-tolerance policy for drugs, alcohol, gangs and weapons. A School Resource Officer is on campus daily. All guests must sign-in at the office and wear a name tag. Above all, we have high expections for ourselves and our students.

Total number of incidents that occurred on the school grounds that required the intervention of local, state or federal law enforcement (A.R.S. § 15-746.6).

#### School uniforms are required at this school.

The Arizona Attorney General's Office has a hotline that allows students to report suspicious activities at schools and to get help with potentially violent situations, such as bullying, harassment, hate crimes, discrimination and gangs. The toll-free number, **1-877-900-1086**, is anonymous and available 24 hours a day.

<sup>&</sup>lt;sup>9</sup> Stanines are normalized standard scores that range from a low of 1 to a high of 9, with 5 designating average performance. National Stanines, like National Percentile Ranks, indicate a student's relative standing in the national norm group (Source: Harcourt Educational Measurement).

The Arizona School Report Card was prepared by the Arizona Department of Education using a standardized format to combine information provided by the local school with data compiled from state records. Each school has special strengths and needs, and all schools benefit from the active involvement of parents in their children's education. If you have questions about the report card or need more information, contact the school office. Arizona School Report Cards can be found for all schools at <a href="https://www.ade.az.gov/srcs/">www.ade.az.gov/srcs/</a> on the Internet.
